Dear Ms. Rowe

On behalf of the Dale Basin Well Owners Association we would like to thank you for your efforts to curtail illegal cannabis grow operations not only in our community (Wonder Valley), but in the high desert.

Some of us thought Operation Hammer Strike was going to be nothing more than good intentions. Quite the opposite! Hammer Strike and the follow up actions that you have suggested, encouraged and supported, have proven to be game changers. We have seen massive grow operations shut down and appreciate the fact that proactive steps are being taken to hold property owners and their tenants accountable for the damage they have done.

In this day of politicized everything it is refreshing to see county government act decisively, forcefully and in the interests of property owners and residents.

Again, thank you –
